**3 ways to collaborate with Gallery1503:**

- 1 Emerging Realism- Gallery1503 competition
- 2 Application for an art fair
- 3 Gallery contract

**ad 1 Emerging Realism- Gallery1503 competition:**

Every 3 -6 months we hold the Emerging Realism- Gallery1503 competition. All artists, worldwide, except employees of Gallery1503 and affiliated organizations, are eligible to enter.

**Applications** are accepted exclusively **only online at**

<https://www.gallery1503.com/applynow>

The application is free of charge!

(In case of an open call, a VIP code will be announced on the homepage).

We see the term realism very broadly. Welcome themes are landscape, portrait, nude, fantastic realism.

Not accepted are abstract works, installations, cubism, video art, i.e. all those art movements that move away from representing realism. The application is online and free of charge. If you are selected, you will be informed personally.

The winner of the competition will take part in one of our fairs or exhibitions with the awarded picture. Gallery1503 is free to decide at which fair or exhibition the presentation will take place. All participants in the competition acknowledge that the submitted picture(s) must be available for sale. In the event of a sale, Gallery1503 will retain a 50% sales commission. The remainder will be paid to the artist. All tax issues with the remaining proceeds after the sale are the responsibility of the artist.

Gallery1503 sincerely wishes all participants the best of luck!

**ad 2 Application for an art fair:**

The application for an art fair is free of charge. If you are curated, you will receive a contract from our Art Acquirer about the conditions of participation and costs. We offer you as an artist the opportunity to be represented by a professional gallery for a reasonable fee. This means for you as an artist on the one hand an image gain and on the other hand greater chances to exhibit your works at renowned fairs and to be able to

sell them with our help. Unfortunately, we cannot give a sales guarantee. Gallery1503 curates very carefully and only includes artists in the program who already have a certain quality or who can be recognized as such. Therefore, do not be disappointed if you are not accepted at the first application. In addition, we offer you the possibility of a gallery contract, where we are a little more relaxed about the criteria for admission, and support those artists who are not quite ready with our know-how.

### **ad 3 Application for a Gallery Contract:**

The application for a gallery contract without a VIP code is subject to a fee. The costs can be found under point 3 at <https://www.gallery1503.com/applynow>. For these applications, a payment of the processing fee is mandatory. We will process your application only after receipt of payment (unless you have a VIP Code).

If you are selected for a gallery contract, you will be contacted by one of our art acquirers, who will explain the next steps to you. The gallery contract will also be sent to you via the art acquirer.
